

Dear readers,

Welcome to the second issue, Volume 3, of the International Journal of Electrical Engineering and Computing (IJECC)!

The International Journal of Electrical Engineering and Computing (IJECC) is a brand new journal published by the Faculty of Electrical Engineering at the University of East Sarajevo, Bosnia and Herzegovina, and the publishing, design and marketing company Academic Mind from Belgrade, Serbia.

The Journal has been created to promote the academic, professional community and research development visibility, and the propagation of original and relevant articles in the wide range of subfields related to the electrical engineering and computing.

The papers reporting and containing original theoretical and/or practice oriented research and articles of interdisciplinary nature are all welcome. Submissions may include original research papers, review papers, case studies and short reports. Each paper will be reviewed twice, with a compulsory and guaranteed anonymity of both authors and reviewers.

The International Journal of Electrical Engineering and Computing (IJECC) will be published electronically, in English. High quality, refereed papers will be published twice a year, in June and December. Full texts of all articles published in the Journal will be free of charge and their reading and downloading will be possible free of charge, without any kind of restriction.

The Volume 3, Issue 2 of the Journal presents a selection of the best scientific papers presented at the XVIII International Symposium INFOTEH–JAHORINA 2019 and papers regularly submitted to the Journal. We use an opportunity to thank all the journal's collaborators and supporters. On behalf of the Editorial Board, I would like to express our gratefulness to the authors of articles published during the past two years and to acknowledge generous help which both the authors and editors obtained from the peer-reviewers.

We will do our best and strive to provide the quality of Journal with every new issue, and to establish and maintain its reputation in the professional and academic community.

Editor-in-Chief

Mirjana Maksimović, PhD
